

CSB'S ASSET-BASED LENDING TEAM IS CELEBRATING \$400,000,000 IN COMMITMENTS PROVIDED!

Whether our customers are looking to borrow funds for growth, recapitalization, working capital, or an acquisition, merger, or buyout, we have the expertise and ability to help meet their goals.

The Asset-Based Lending team at Cambridge Savings Bank has more than 150 years of Asset-Based Lending experience. The depth of that experience is reflected in the samples of our success stories below.

MEET OUR TEAM

Choosing a partner you can trust will be the most important decision you make in this process. Our lenders are empowered to find creative solutions and make quick decisions to do whatever it takes to help your business succeed.

Our ABL team performs detailed analyses of a broad range of collateral options, enabling them to optimize valuations and advance rates against this collateral. Many businesses find their collateral-driven borrowing capacity to be less restrictive than traditional loan limits.

Our expert team listens to understand your unique business needs. We take a creative approach to a tailored solution that positions your business for success. We can help you understand if Asset-Based Lending is the right solution for you and your business. **Contact us today!**
