

## Remote Deposit Capture Scanner Installation Guide for Mac

### **Installing Device Control**

If you are accessing the application for the first time, you will need to install Device Control before you can begin making deposits. Your scanner can be connected at any point during the install.

**Step 1**: On the Business Online Banking login page, enter your Customer ID, User ID and password, and select the **"SIGN IN"** button.

Remote Deposit	

Step 3: On the Remote Deposit screen, select the "Login" button.

c <sub>s</sub> b ≡	< Remote Deposit
	Log in to Remote Deposit
	LOGIN BACK

**Important!** After selecting the *Login* button, you will receive a pop-up message stating: "**Caution:** You are about to leave this site. By Clicking, 'Continue' below, you will be directed to our 3<sup>rd</sup> party vendor site.".

This is a valid message, and you are still in a secure session and accessing a secure site to access the services.

Step 4: Select "Transactions" from the left main menu.

Step 5: Under Check Processing, choose "Remote Deposit Complete".

Reports			Remote Deposit Complete

NOTE: Depending on your pop-up settings you may see a **Pop-up Blocked** message. Select the red **"X"** and select **"Always allow pop-ups"**.

Step 6: The message below will appear. Select "Keep".

Step 7: Select "DeviceControllerInstaller....pkg" in the upper right corner to begin the install.

# Step 8: The Install Wizard window appears. Select "Continue."
